

join us for our virtual vbs at st. james!

what?

Our virtual VBS theme will be “Rainforest Explorers” and we will look at how Jesus leads us, even through the **crazy parts** of life, like we’re in right now! Each video lesson will include the classic VBS contents: Music, Crafts, Games, & a Lesson. Craft materials can be found around the average home, and games can be done with one child or multiple people! We’re excited to transform this experience into an online platform so children can still enjoy even while they’re at home!

how?

The videos will be posted on our website and Facebook page! Parents can simply click on the videos and let them play!

There will be instructions/materials attached to the video that will be needed for the craft or game of the day. (A link below the video) Almost all materials can be found in your home easily.

If you have trouble finding these materials and would like to participate, please contact Theo, the Youth Director at St. James. His email is below.

when?

Each video will be posted before Wednesday night starting on July 8th! There will be four different videos throughout July. You can watch it every Wednesday night, pick your own night of the week to watch, or even watch whenever you have free time! The videos will build on each other (each one posted will reference the previous video) so make sure to watch them in order!

who?

Anyone is invited to participate! While the lessons and videos will be geared toward kids in Pre-K through 5th grade, any parents, siblings, or friends can join in watching! All you need access to is something on which to watch a Youtube video!

any other questions?

Check our website and Facebook page for updates and more info! If that doesn’t answer your question, please reach out to Theo Camara, the Director of Youth Ministry and Communications at St. James Presbyterian Church of Mechanicsburg, PA.
